Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

I have lived in Barrington for 31 years. The intent of the Canadian National Railway to increase traffic on the EJE rails will be devastating to Barrington and adjoining communities. Of utmost concern are safety issues. The increase train traffic will cause life threatening delays in emergency vehicles, safety concerns for school children and school buses. Also, how do we negate transport of hazardous materials. This increase will cause significant traffic problems, noise pollution and devalue our homes.

If this purchase is approved, please require CN Railway to build underpasses to mitigate the impact of this plan.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.

YOUR INPUT IS IMPORTANT!

Comments provided by the public help determine the scope of the environmental review.
